We have proven, trial after trial, that we can respond to the most challenging of circumstances and situations. We are passionate about the work we do in this industry and our forte is making the process as smooth as possible for Sponsor, Site and Patient.

Adding value for you.

We understand the complexities of attracting patients to participate and remain in a clinical trial and have refined the Travel & Expense process to reduce the risk of subjects leaving the trial early.

Our value added service encourages subject retention which we understand is the key to the success of your clinical trial.

We manage all services under one roof making the process simpler for you.

By providing one contact for travel, accommodation, expense management and financial reconciliation we help reduce the administrative budget, allowing you to focus on other important areas of the trial.
